

## **BLUE HOLE REGIONAL PARK**

### **Meeting Notice - Stakeholders and the Public**

In 2005, the City of Wimberley embarked on a mission to save the Blue Hole from the threat of residential development. After an unprecedented fundraising effort, the land was purchased by the City for use as a community park. Now, the City is embarking on an effort to design the newly acquired 126-acre park for the enjoyment of residents, visitors, and future generations. It will include much needed recreational facilities for the growing community. The park will balance the needs of the community while preserving and restoring the historic Blue Hole and surrounding ecosystems. The City hired Design Workshop to design the park that was originally envisioned in a master plan led by the Lady Bird Johnson Wildflower Center in 2006.

This phase of the design process builds upon the existing master plan. We need your input to further identify the character of the park and confirm key goals of the master plan. Please attend the following meetings to contribute to the process of shaping the future of the Blue Hole Regional Park.

### **Please attend the following Stakeholder/Public Meetings:**

**Date:** October 9, 2009  
**Time:** 4pm-6pm  
**Subject:** Stakeholder Meeting (Open to the public)  
**Location:** To be determined

**Date:** October 10, 2009  
**Time:** 8am-10am  
**Subject:** Coffee Talk - Park Best Practices (Open to the public)  
**Location:** To be determined

**Date:** October 10, 2009  
**Time:** 4pm-6pm  
**Subject:** Open House (Open to the public)  
**Location:** To be determined
